BACK INTO THE FUTURE

OCTOBER 20 - OCTOBER 23

RITZ CARLTON SOUTH BEACH, MIAMI FLORIDA

ABOUT

A paradigm shift is occurring today. The paradigm shift has driven the growth of businesses seeking to control their own destiny. Alternative risk captive insurance programs have become the fastest-growing segment of the commercial property and casualty insurance market.

The aim of the Summit is to present concepts and products that will facilitate innovation, success and transformation. This year's theme, "**Back into the Future,**" will focus on providing risk management, technology, claims, litigation management, and variable cost captive insurance solutions to control your destiny.

The Summit was pioneered and garnered traction under eMaxx, formerly known as Energi. In 2016, the Summit became open to all small and middle market companies. In 2018, eMaxx launched eCaptiv, a Vermont domiciled captive insurance company focused on providing alternative risk solutions to small and middle market companies. The Summit will host Annual Meetings of the Board of Directors and Members for the eCaptiv programs.

"THE MOST RELIABLE WAY TO PREDICT THE FUTURE IS TO CREATE IT."
